**AMENDMENT AND RESPONSE**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This communication is responsive to the Office Action mailed November 15, 2005, imposing a restriction requirement on the claims of the above-referenced patent application. In response to the restriction requirement, Applicants hereby elect the claims of Group I (Claims 1-12, 14-17 and 20) without traverse.

In further response to the restriction requirement, Applicants have submitted a listing of amended claims. This listing cancels the non-elected claims, and amends Claims 1, 5, 14 and 17 to more clearly define the subject matter of the invention. The listing of amended claims also includes several new claims. The amended claims and new claims are still drawn to mammalian culture media/supplements, classified in Class 435, subclass 404. Therefore, the amended claims and new claims fall within the elected group of claims.
